SKILLS

- ❖ Languages: C, C++, Python
- ❖ Web: HTML, CSS, JavaScript, React.js, Tailwind CSS, Node.js, Express.js
- ❖ Database: MongoDB, MySQL
- ❖ Tools: Git, GitHub, Postman, VS Code

EDUCATION

- ❖ Information Technology | MCKV Institute of Engineering **2026**
- ❖ Computer Science & Technology | Technique Polytechnic Institute **78%|2022**
- ❖ X(CBSE) | Vivekananda Academy **62%| 2020**

PROJECTS

- ❖ **CropConnect – MERN Stack**
Developing a platform that allows farmers to create profiles and list their produce, while consumers and retailers can browse and filter these listings. The platform includes features like a built-in messaging system for negotiations, secure payment processing, and transaction management.
- ❖ **Memories.social | Frontend Developer (React)**
Developed a social media platform resembling Instagram using React. Built responsive UI components for posts, likes, comments, and profiles. Integrated APIs for user authentication and media uploads
- ❖ **News Website | (HTML ,Tailwind CSS , JavaScript)**
Developed a responsive news website using HTML, Tailwind CSS, and JavaScript. Integrated APIs to fetch and display real-time news articles. Implemented user-friendly navigation and optimized performance for an enhanced user experience.

POSITION OF RESPONSIBILITY

- ❖ **Team Leader(Academic Project 3rd year) | MCKV Institute of Engineering**
Led a team of developers to build *CropConnect*, a MERN-stack web application that connects farmers directly with consumers and retailers. Oversaw project planning, task delegation, and full-stack development. Implemented key features like product listings, location-based filters, and secure user authentication.
- ❖ **Frontend Developer(Academic Project Last year ,Diploma) | Technique Polytechnic Institute**
Developed a responsive web application using React and Tailwind CSS, focusing on clean UI and smooth user experience. Collaborated with the backend team to integrate APIs and ensure seamless functionality.

CERTIFICATIONS

- ❖ **Web Development Internship – [Octanet](#)** **July 1 - August 1 , 2024**
Octanet Successfully completed a 1-month internship in web development. Gained hands-on experience in front-end and back-end development, working technologies such as HTML, CSS, JavaScript, React, Node.js, and MongoDB.
- ❖ **Postman API Fundamentals Student Expert – [Postman](#)** **September 1,2024**
Certified in Postman API fundamentals, demonstrating proficiency in API testing, designing requests, and understanding API workflows.
- ❖ **Getting Started With Artificial Intelligence – [IBM](#)** **March 4, 2025**
Gained foundational knowledge of Artificial Intelligence (AI), including key concepts such as machine learning, neural networks, and real-world AI applications.
